

CALL SCHEDULE

Welcome to the Creative Depth Program (CDP) Cohort #11, starting September 2023. Each module and phase offers a powerful way to move through the creative depth experience, explore the construct of self-as-client and expand the field of personal and professional growth. You will be working with specific materials in every monthly module, generally, four weeks using core concepts, symbol, myth and metaphor, art as process and experiential learning.

Each call has a distinctive purpose and invites a continuum of process. We meet one or two times a month, each call is 1.5 to 2 hrs. The flow of the program offers flexibility and space to explore. If you cannot join live, replay is always available. You will have call reminders sent via the Classroom, aligned with your Time Zone and can also check events tab for access information. We alternate time frames to accommodate different schedules and time zone conversion.

Please note Oct 2-8, 2023 is an **Immersive Workshop Process** designed for experiential learning. This includes a one-hour intro call for orientation (Oct 2), a continuum of connected topics to engage with during the week, meeting in real time with a two-hour call planned for each day (Oct 7 and 8).

Dates 2023-2024 + Time Zones:

September 4 Orientation (A)

September 18 Exploration (B)

October 2 Immersive Intro (A)
